"August Flower"

Mr. Lorenzo F. Sleeper is very well known to the citizens of Appleton, Me., and neighborhood. He says: "Eight years ago I was taken sick, and suffered as no one but a dyspeptic can. I then began taking August Flower. At that time I was a great sufferer. Every thing I ate distressed me so that I had to throw it up. Then in a few moments that horrid distress would come on and I would have to eat and suffer again. I took a little of your medicine, and felt much better, and after taking a little more August Flower my dyspepsia disappeared, and since that time I have never had the first sign of it. I can eat anything without the least fear of distress. I wish all that are afflicted with that terrible disease or the troubles caused by it would try August Flower, as I am satisfied there is no medicine equal to it."

THE RAIL AROUND THE JAIL.

Don't you hold your head so high. Or you'll bust holes in the sky; When you walk the big earth jars, An' yer whiskers sweep the stars, An' you fill up the hull street, Whirl the wheel round with yer feet, An' refuse to speak to me— Guess you don't know who I be.

So you won't say "howdy do," But I'm jest as good as you; May hev less prig out sin, If I hain't no dimon pin, Ain't no line divides a man From his feller, understand; Ain't no line except the rail Of the fence around the jail.

Et I keep outside the rail; Of this fence around the jail, I'm a good gun, fit for bang In the big fight hundred yard; An' the president understand, Is not jest my hired hand; An' I watch an' boss who be Does the nation's chores for me.

What yer got to do homeby For the universes goes dry, Is to make no difference—jest Twist sich chaps ez you an' me; One be jest ez good ez t'other, Built in love, rich and poor; While we keep outside the rail Of the fence around the jail.

You hain't got no bigger blood, An' yer mine ez the same mud; An' yer vittles, fresh or stale, Comes from the same dinner pail. Thel's a good 'nough chaw for me Thel wuz taught in ol' Judee; Men are brothers; good enough; Men are brothers; thet's the stuff!

An' the time is goin' to be When we'll come to the tide, Thel all men outside the rail Of the fence around the jail, Will all mix like gin'ral dough, An' love's east wind make it grow, An' by thet time Nature's cake Will be big enough to bake.

—S. W. Foss in Yankee Blade.

Excitement in Tarpon Fishing. "I see," said Dick Quay the other evening, "that Mr. Dabbs has a tarpon on exhibition which he caught in Florida waters. The average weight of this fish is from 105 to 130 pounds, but I have seen them tip the scales at 200. The best catch my father ever made was nine in one night. When he goes fishing he takes a small boat and lots of strong line. The tarpon is like the trout, a very gamy fish, and when hooked soon wears himself out in darting around furiously in the water. The best time to fish for them is at night.

"In still water they bite easy, and a good fisherman can land two out of every five hooked. In tide water they rush at the bait, and then are off as fast as they can swim. It is very exciting sport to see these big fish when caught jump six feet out of the water in their struggles to get away. They will turn over on their sides on the surface of the water, but they soon exhaust themselves.

"The best fishing ground is in the still water on the west coast of Florida. It is hard to pull them out on the eastern side, as the tides are very swift."—Pittsburg Dispatch.

The Typewriter in Preparing Copy.

Today Robert Louis Stevenson uses the pen; so does Arthur Sherburne Hardy, the gifted author of "Passe Rose." The Harpers, too, are a conservative firm, and have always refused, personally, to use the typewriter. Miss Booth, when editor of Harper's Bazar, told me that she much preferred handwritten MS. To me, however, the real value of the typewriter seems to reside in the view it gives you of your work in cold blood. The ideal method of composition, if life were not too short, would be to dash off your work hastily in the first glow of enthusiasm with pencil and paper; even ink is too slow. Let it cool, blue pencil it copiously, copy it on the typewriter; boil down and revise the typewritten copy and make a new fair copy from the revision. This is substantially the method employed by Mr. Edward Atkinson, of Boston, who, however, instead of writing his first rough draft employs a stenographer.—Emily A. Thackray in New York Epoch.

A Shrewd Tramp.

People in Broadway enjoyed a joke on a man who was distributing "samples" the other day. He went into every store on his side of the street, leaving there a small piece of tobacco to be sampled. As the dispenser entered one store a scoldy looking man went into the one immediately behind this one, and while the man who was giving away the tobacco came forth each time with one less piece, he who followed him came out with his store increased by one of the samples. A good deal of quiet laughing was done at the expense of the agent. No doubt when the day was over the dispenser of tobacco felt satisfied that he had faithfully served his employers. There is no doubt that the tramp was content, for he had tobacco enough to last him for many days.—New York Tribune.

A Typewriter for the Blind.

One of the most beneficent inventions reported is a typewriting machine which can be easily and effectually operated by the blind. In constructing the machine the greatest care has been taken to provide means of insuring accuracy of manipulation, and after a little practice, it is confidently stated, those who are deprived of sight can work the machine with as much certainty as those who can check with their eyes the work of their fingers.—New York Telegram.

Quite Fatal.

Mrs. Spigitt—Do you think that smoking shortens life? Mrs. Gutzlay—I think it does. I'm sure some of the cigars my husband smokes would kill me if I stand in the room.—New York Epoch

News of Importance From Home and Abroad.

THE FAYLOR CASE.
Special to the Journal.
SAN FRANCISCO, July 23.—In the Faylor case this morning Attorney Clunie asked for a week's postponement, in order to have time to look up Richard Chute and Harry Wangenheim, who are wanted as witnesses, but could not be found. Stephen T. Gage, who had been summoned, was also not present, and his counsel stated that he had advised Gage to pay no attention to the subpoena, as it had not been properly served. The Court thereupon stated that the warrant would hold good. Attorney Clunie said he also desired to have the State Librarian and his assistant in attendance, as he wished to show by them that the Finance Committee of the combine met in the State Library every day. Attorney Campbell objected to a continuance, and the Court finally adjourned until 2 o'clock this afternoon to enable plaintiff, if possible, to bring the witnesses into court.
On reassembling this afternoon, Charles B. Haven, insurance agent and treasurer of the Pacific Insurance Union, was called to the stand. He testified that he did not know of any money being raised by foreign insurance companies to influence legislation. His company paid the regular assessments as did other companies toward the expenses of the union. As treasurer of the union he had paid the expenses of an attorney who was in Sacramento during the Legislature but had paid out no money to influence legislation in favor of the union.
Robert Dickinson, general manager of an insurance company and a member of the Insurance Union, was the next to testify. He also denied all knowledge of a corruption fund.
This comprised all the witnesses in court and after an objection was sustained at Attorney Clunie's request that the books of the Insurance Union be brought into court, the latter pressed his motion for a continuance for one week in order to hunt up the missing witnesses. Faylor was recalled and questioned regarding his connection with the California Construction Company and after some other questions had been answered, discussion went over and the case was continued until Monday.
The Coal Miners' Trouble Ended.
Special to the Journal.
NASHVILLE, Tenn., July 23.—The miners committee which went to Coal Creek to-day to communicate Governor Buchanan's decision to the men, reached their destination at noon. A mass meeting was immediately called, and the men of the committee detailed their conferences with the Governor and the results thereof. They said the committee had received concessions, and in their opinion the men ought to make some. This did not meet with anything like universal satisfaction, but the implicit confidence the miners have in their leaders was shown by a unanimous vote to accept the report of the committee regulations. The gist of the resolutions was that the convicts should be returned to the mines, the miners guaranteeing they would not be molested, the militia will be ordered home and sixty days will be allowed to convene the Legislature, during which time no convict shall be molested and no property shall be destroyed, and the miners, if necessary, will place guards to see that the promises are kept good. The miners' committee returned to Knoxville this evening to confer with the Governor.
A Brave Woman Fearfully Burned.
Special to the Journal.
BAKERSFIELD, Cal., July 23.—Seven miles south of Bakersfield Wednesday evening, while trying to light a fire with coal oil, the lamp exploded, enveloping Mrs. Jonathan Currow in flames from head to foot. She rushed from the house and threw herself into a little pool of water, but every stitch of her clothing was burned off, roasting her from head to foot. The house, in which were her two children, caught fire, when, with the flesh hanging in shreds from her hands, she pumped water and saved the house from destruction, and after that had strength enough to empty a can of syrup over herself. A Chinaman first discovered the accident and when he came the poor woman was still conscious. She was not burned internally and may survive, though the chances are slight.
The World's Fair Commission and Lord Salisbury.
Special to the Journal.
LONDON, July 23.—United States Minister Lincoln to-day presented the World's Fair Commissioners from Chicago to Lord Salisbury. The British Premier expressed pleasure at meeting the Commissioners, and inquired into the prospects for the completion of and preparations for the fair. Lord Salisbury added that the Queen had assented to the appointment of the Royal Commission for the purpose of supervising the British exhibit, adding that the names of the British Commissioners would soon be gazetted. Ex-Congressman Butterworth, in behalf of the United States Commissioners, returned thanks for the prompt action of the British Government in accepting the invitation of the United States.

The Difficulty Settled on One Side.
Special to the Journal.
MONROVIA, Pa., July 23.—Harry Boyd and John Myford living at Black Diamond quarreled several days ago, and to-day it was decided to fight it out in the prize ring. The men, accompanied by friends, pitched a ring and stripped for a bare knuckle contest. Three terrible rounds were fought, at the end of which both were bleeding profusely. When the men came up for the fourth round Boyd seeing an opening rushed in and delivered a tremendous blow on Myford's neck, just over the jugular. Myford staggered back a few steps and fell to the ground insensible. He died an hour later. Boyd came to this city and surrendered himself.
Sale of the Detroit Street Railway.
Special to the Journal.
NEW YORK, July 23.—One of the attorneys for the New York and Boston syndicate which has purchased all of the street railways of Detroit, Michigan, said this afternoon that the consideration was something over \$5,000,000. Motive power on all lines will be changed to electricity. This will throw about 2,300 horses on the market. He declined to give the names of the members of the syndicate.

Coal Mines on Fire.
Special to the Journal.
CHRYVENNE, July 23.—The mines of the Deer Creek Coal Company, at Glenbrook are on fire. It has been decided to flood the mine.
Exemplify Promise in Action.
"To love and fondly cherish," what a mockery these words are if in life and health we do not provide for those dependent upon us. The form of life insurance issued by the Mutual Life Insurance Company of New York, whose actual experience in writing policies carries them back over a period of 48 years, are perfect; guaranteeing to the policy holder, in the event of death, a competency for those bound to him by ties of love and home, a guarantee that his children will be cared for and educated; a bond that in the event of his surviving the period of insurance, that he will receive as a return, principal and interest, or a paid up policy and an annual income, which will assure him a competency in declining years. Forty-five cents a week will insure a man of 30 years of age for \$1,000. You spend this amount many times over in useless luxuries. Will you not sacrifice one of them to secure your family from want in the event of your death?
HENRY B. RULE, Agent.
Pawning Building, Reno, Nevada.
The four men who robbed Wells, Fargo & Co.'s express office at Dayton some weeks ago, were sentenced by Judge Rising yesterday to five years' imprisonment in the State Prison. They were also indicted for jail breaking, but the jury acquitted them of that charge. They were taken to State Prison last evening.

The World Enriched.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact, at any time and the better it is known the more popular it becomes.
Be Sure
If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other. Hood's Sarsaparilla is a peculiar medicine, possessing, by virtue of its peculiar combination, proportion, and preparation, curative power superior to any other article. A Boston lady who knew what she wanted, and whose example is worthy imitation, tells her experience below:
To Get
"In one store where I went to buy Hood's Sarsaparilla the clerk tried to induce me to buy their own instead of Hood's; he told me their's would last longer; that I might take it on ten days' trial; that if I did not like it I need not pay anything, etc. But he could not prevail on me to change. I told him I knew what Hood's Sarsaparilla was. I had taken it, was satisfied with it, and did not want any other."
Hood's
When I began taking Hood's Sarsaparilla I was feeling real miserable, suffering a great deal with dyspepsia, and so weak that at times I could hardly stand. I looked, and had for some time, like a person in consumption. Hood's Sarsaparilla did me so much good that I wonder at myself sometimes, and my friends frequently speak of it." Mrs. ELA A. Lloyd Tevis, President of Wells, Fargo & Co.'s express, came down from Virginia last night and proceeded to San Francisco.

Frank Rockwell, Wells, Fargo & Co.'s route agent, has gone below to rusticate for a few weeks. Frank Hatch will fill the position during his absence.

J. J. Reavis of Lassen county arrived in Reno yesterday on his way East. Mr. Reavis is the owner of Vic H, the fast trotter now at Detroit, Michigan, taking part in the races.

Theo. Winters yesterday telegraphed the managers of the State Fair that he would give \$250 towards the special stake race to be run Fair week. Wm. Thompson also subscribes \$250.

Dr. W. C. Hadley, a well-known physician of Ogden, Utah, and a prominent member of the Knights of Pythias, died Tuesday from the effects of morphine administered by mistake.

It is reported that a new time-table will go into effect next Sunday by which the west-bound mail train will arrive here at 9:30 p. m. instead of 11:40 as at present.

A Mrs. Kaiser keeps a few cows in Virginia City and makes a living by hard work. The Enterprise says some person or persons brutally cut one of the most valuable cows, doubtless to gratify a spite against the owner.

The Auburn Herald says the orange crop of Placer county is blighted and the young oranges are falling off the trees. The cause is supposed to be the very hot weather which occurred about the 1st of July and the cold weather which followed.

The Canadian Pacific, in view of the bright crop outlook in Manitoba and the Northwest, has ordered fifty new locomotives and 1,500 box cars to transport wheat to the seaboard. It is estimated that it will require ten trains daily for seven months to move the crop.

A novel method of beating the Postoffice Department has been detected at Los Angeles. A young man rented a box, taking two keys, one of which he gave to a lady friend, and they exchanged letters through the box. The letters have been held for postage and one of the keys taken up.

J. B. Foltz, who is making extensive preparations for placer mining in Buena Vista Valley, near Unionville, informs the Silver State that he has finished over 8,000 feet of flume and is putting in boxes at the rate of about 20 each day. When completed the flume will be 11,275 feet in length. He employs eight men in the work, and expects to have everything in readiness to commence operations early next Spring. The sluices will then be run day and night as long as the water lasts.

SELLING WHISKY TO INDIANS.

Offenders Should be Turned Over to the Federal Authorities.

A man was arrested in Lyon county for selling whisky to Indians and held to answer before the Grand Jury. When that body was impaneled, at the suggestion of Judge Rising, the accused individual was turned over to the Federal authorities to be dealt with in the United States Court. He was taken to the State Prison by the United States Marshal, where he is held to await the action of the Federal authorities. By this method of dealing with persons who sell whisky to Indians the United States Government pays the expenses of protecting its wards, the Indians, from the effect of fire water. At present the State Prison is being filled with persons convicted of selling whisky to Indians and the State has to bear all the expense. If the Federal authorities prosecute such offenders the General Government must bear the expense and pays for the care of those who are convicted. As it is by no means generous toward Nevada, and discriminates against its principal product, it is meet and proper that it should be accorded the privilege of paying the expense of prosecuting and keeping those who sell whisky to Indians, nearly all of whom are non-residents of the State.

All the Courts in the State should follow the example of Judge Rising.

INFORMATION FOR TAXPAYER.

A Dig at the Printers as Well as the Commissioners.

RENO, Nev., July 22, 1891.

EDITOR JOURNAL:—I find your printer made a bad job in setting up my last letter. I am not proud of my composition, but when it is as badly printed as written, I fear the boddiers will not comprehend what I am driving at. Possibly I have no right to find fault, as I pay nothing for the space I occupy, and my only ambition in writing you is to correct abuses in our county government by informing the people of at least some of the criminal practices of some of our officers, which go far to bring reproach to our community.

The two copies of presentments or findings of the Grand Jury, which I published in my last, when reported, seem to have gone to a pigeon hole the same as if the Grand Jury had said "all is lovely" instead of pointing out the fact that certain officers to whom the people pay a regular salary for attending to public matters, had conspired with a somewhat notorious contractor to defraud the treasury. Possibly such transactions are all right, but they don't suit me. Hence, my kick. And then, too, it gripes my gizzard to have a chattering magpie going around telling how cunning he is in getting county contracts, and openly publishing his own shame in his efforts to prove that he is "outs" and that he divides.

BILLS ALLOWED.

I promised to give copies of the two bills which were attached and made a part of the more formal finding of the Grand Jury. One of these bills was published in your paper at the time. The other was emasculated, but by whom I don't know. Here is a verbatim copy, except the affidavit of claimant, which is not of importance in this consideration, to-wit:

RENO, March 10, 1890.

Received of D. B. Boyd, County Treasurer, \$142 50 to send Mrs. Burke and two children and Mrs. Brown and four children to Kansas City, Mo.

T. K. HYMERS.

This receipt is pasted on a regular claim blank, duly endorsed on the back "presented for allowance and paid on April 7th, 1890." Not a word of testimony as to what the money was used for, and the committee was at a loss in finding out whether T. K. Hymsers drew this money as County Commissioner or as proprietor of the livery stable, and all this in the face of the law prohibiting the payment of any money out of the treasury except on a warrant of the Auditor. This transaction is published in a list of bills allowed as "For disbursements," but the term "disbursements" is used to cover a multitude of sins.

Following is the other bill referred to, which shows how Mac does it. I also copy it verbatim as follows:

"Washoe county to McLaughlin Dr. as follows, 1890:

March 2d, to cash, one lady, Sacramento and meals.	\$ 8 05
March 2d, to cash, fare for two and meals, indigent sick, Truckee.	4 00
March 25th, to cash, man leaving.	1 50
March 15th, to cash, woman and child, Winnemucca, recommended by Mother Dolores.	9 50
March 15th, to cash, lodging and board.	3 50
March 19th, to cash, transportation of C. W. Small and cash.	17 50
March 19th, to cash, telegraphing Mill Co., Small.	1 00
March 24th, to cash, transportation man and wife, Truckee.	3 50
March 26th, to cash, lame druggist, per Hymsers, Winnemucca.	8 50
March 26th, to cash, telegram Geo. Small, account Small.	70
March 26th, to cash, boarding and lodging indigent sick.	1 00
March 26th, to cash, boarding.	50
March 29th, to cash, boarding.	2 25
March 31st, to cash, transportation on steamer Walla Walla and cash paid him.	35 00

Balance.

How is this for an infant transportation company? What a soft thing it must be to fill the office of County Commissioner.

How solid a fellow can make himself with those who want to travel, especially with "ladies" who need "meals" and want to go to "Sacramento." From the foregoing it appears that almost any kind of accommodations could be secured by applying in person, by mail or by wire. Lodging is supplied with or without board. Tickets and money are furnished for a ride on the cars or a pleasant trip up the Pacific Coast by ocean steamer. Men single and men with their wives are accommodated with cash for transportation east, west, north or south by applying at the Captain's office. This bill is duly allowed and paid out of the public funds of the county and there appears in the published list of bills allowed as disbursements—and then when I, as a taxpayer of the county, object to this lawlessness I am denounced on our streets in language too indecent for publication.

A half-way friend of mine suggested a few days ago that the scandalous acts of our officers should not be exposed as it will hurt the good name of our community. Possibly the first effect will be in that direction, but I remember that after Boss Tweed and his band of freebooters were put to the sword in New York the atmosphere of the city lost its stink. And so it will be here if the lawbreakers are brought to justice and the abuses corrected.

A WORD TO TAXPAYER.

Let me say to "Taxpayer" that if he will help instead of criticising me good may be accomplished. I have only referred so far to a few of the boddier's methods. Let him take hold himself and he will learn the "system" by which our treasury is depleted. Had he been on the Grand Jury he could have learned the testimony of Mac, who, when driven to the wall to

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

ABSOLUTELY PURE

explain some of the bills allowed for bridge work, in desperation stated that he "knew very little of these matters as Tom had told him long ago to keep his hands off of roads and bridges." So the situation seems to be something like this, Merrill didn't count, Mac didn't know and Tom run that part of the machine. If Taxpayer wants employment let him take a peep at the testimony of Hymsers and McLaughlin before the Grand Jury in regard to the reduction of the railroad assessment last Fall and I think that he will find that the statements of these men themselves are enough to "dam an Indian." Examine the sewer scandals. Look up the bills paid for a \$1,500, two-story water closet, make a note of the amount of boodle that fell to the old printing ring. By the time you get half through you will be in need of your second mind, which you can get by a stroll in the salt pasture which our county bosses secured for a "park" and for which they paid the people's money to the extent of two thousand five hundred dollars.

H. H. BECK.

A STRANGE EXPERIENCE.

A Young Man Taken to the Stockton Asylum as a Lunatic Discharged as Sane.

July 1st a young man named J. F. Murray left the Modoc mine in Inyo county, California, where he had been engaged at sacking and weighing ore, for Sodaville, Nevada, where his uncle and sister reside. He was taken sick on the stage between Modoc and Keeler, and remained a day at the latter place, but as there was no physician in the place he left for Lone Pine, twenty-eight miles from Keeler, to see a physician. At Lone Pine he consulted Dr. Middleton, who prescribed for him. For some cause unknown to Mr. Murray he was taken to Independence, and on the morning of July 5th was lodged in the court house, where he was confined for some days, then adjudged to be violently insane and sent in charge of two able-bodied men to the Asylum at Stockton, passing through Reno on the night of Friday, July 10th. He arrived at Stockton on the morning of the 11th, and walked direct to the Asylum with a man on each side of him. At the Asylum Superintendent H. N. Rooker pronounced Mr. Murray to be as sane as anybody in Stockton, but as the regulations required him to hold every person sent to the Asylum for a few days, he kept Mr. Murray, but did not incarcerate him in a cell or place him among the insane. At the expiration of nine days Superintendent Rooker discharged Mr. Murray, who went direct to Sacramento, from which place he came to Reno, arriving here last Wednesday.

Mr. Murray is a nephew of Frank Robb of this place. He is a young man twenty-eight years of age. He was in business at Candelaria and served as postmaster at that place for nearly two years, but resigned when he sold out his business. He intended to return to Modoc in August, when work will be again resumed with a full force of men. He is a bright, intelligent man, and feels that he has been outrageously treated by the authorities of Inyo county, California.

Beware of Counterfeits for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, and acts directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co.

HITCHED TO A CABLE.
The Unique and Startling Experience of a San Francisco Horse.
A sad eyed horse hitched to a two wheeled butcher wagon blinked lazily and whisked flies from himself on Jones street, between O'Farrell and Geary streets. He was an ordinary quadruped with a large head, which he wore in a dejected sort of way, as though he was indulging in melancholy thoughts. Dangling from one of the bit rings was the long hitching rope, which the custodian of the wagon had neglected to fasten to a post.
Suddenly the horse cast his eyes to starboard and slowly wagged his right ear. An abandoned newspaper had drifted down the street and became caught in the cable slot. The horse was interested. He lazily wandered over to the track and examined the paper. The free end of the hitching rope dropped through the cable slot. Suddenly the horse jumped clear off the ground, jerked his head up, plastered his ears close to his head, reared on his hind feet, pawed the air with his fore feet, gave vent to a loud snort and stampeded down Jones street.
It was not his fault that he broke his speed record. This horse was a peaceful animal, with an inclination to the plodding career of a plow horse. But he was compelled to assume a rapid gait because his rope was wound around the cable rope and he was propelled by steam, as it were. On he sped down Jones street, around the corner and into O'Farrell street at a gait he had never traveled before, while veal cutlets, cuts of beef, porterhouse steaks, kidneys, lamb chops and liver jogged out of the wagon and became the trail which the butcher boy followed frantically in his efforts to catch his beast.
Nothing got in the way of the horse but dogs, and they added to his misery by leaping into the air and snapping at his nose. An enthusiastic procession of urchins raced madly in the wake of the wagon and cheered the animal on to greater efforts of speed.
Down three blocks of O'Farrell street rampaged the equine, creating as large a sensation as would a mouse in a seminary. Al Powell street his career ended. The hitching rope came in contact with the cross cable of the Powell Street railroad and was cut in twain. The horse was holding back so hard that the reaction threw him on his haunches, and before he could recover his equilibrium half a hundred citizens were holding him down.
The butcher boy gathered up as much of his scattered meat as the dogs had not devoured, and in a few minutes the yellow horse was plodding in the wake of a hay wagon, munching purloined hay.—San Francisco Examiner.

Chivalry in a Boothblack.
On the corner of one of the business streets of the city the other morning a shoeblack had just finished polishing the shoes of a well dressed and gentle appearing man. The latter was unfortunate in having a deformity which compelled him to wear a shoe on one of his feet with an exceedingly thick sole, thus endeavoring to make up mechanically for what nature had denied him.
"How much shall I pay you?" he asked of the boy.
"Five cents, sir."
"Oh, but you should have more than five cents for polishing my shoes," said the gentleman, tapping the thick sole significantly with his cane.
"No, sir," said the boy; "five cents is enough. I don't want to make no money out of your hard luck."
The customer handed out a coin, laid his hand on the youngster's head for a moment and passed on.
Who says the days of chivalry are over.—Detroit Free Press.

In one of London's fashionable churches the preacher made an appeal to the effect that a certain baronet was, through no fault of his own, in debt to the amount of sixty pounds, and had no means of paying. Consequently the congregation were called upon to provide the amount required.
